Supporting Alzheimer's Research

Whether in the laboratory at the basic science level or in the clinical research center where new treatment studies are underway, it is an exciting time. Research into the cause and treatment of Alzheimer's disease is progressing as rapidly as funding allows. But there is much more that could be done.

Many people ask how they can help support this important work. Some of the ways people have provided support for the Emory Alzheimer's Disease Research Center include:

- ◆ "In lieu of flowers" families have requested contributions to our center after a death in the family.
- ◆ A monetary gift in memory of a loved one or to honor a person or event.
- ◆ A one time gift to lessen their own tax burden.
- ◆ Designating in your will a percentage of your estate to the Emory Alzheimer's Disease Research Center.
- ◆ Funding a trust to support the work of the Emory Alzheimer's Disease Research Center.

Your generous gift can help meet one of society's unmet needs – more effective treatment and ultimately, a cure for Alzheimer's Disease. If you would like to make a contribution to support the Emory Alzheimer's Disease Research Center, please use the following contribution form.

Please make checks payable to:

Emory Alzheimer's Disease Research Center

Mail to:

Emory Alzheimer's Disease Research Center
c/o Emory University, Health Sciences Development
1440 Clifton Road, Suite 112
Atlanta, Georgia 30322

This contribution is:

In Memory of: In Honor of: _____

Enclosed is my tax deductible gift of \$ _____.
